## MOVEMENT

DAGAN

Dagan Movement is a dream come true for me!  
A dance company that brings together performers, musicians,  
and storytellers to create something truly unique. As a  
performer and choreographer,  
I've seen how many artists struggle to find spaces where they  
can fully express themselves and be fairly compensated for  
their work. I wanted to change that.

Our work celebrates diversity and creativity by blending dance,  
music, poetry, and storytelling to create powerful, heart-driven  
and educational performances. We aim to connect with  
audiences on a deep, emotional level and give artists the  
freedom to share their voices, while ensuring they are paid for  
their invaluable contributions and the years of hard work.

Through Dagan Movement, I hope to build a community that  
supports and uplifts underrepresented performers, providing  
both creative opportunities and financial support. With the  
Amber Grant, I'd be able to bring this vision to life, delivering  
high-quality productions and offering performances that speak  
from the heart, while honoring the artists who make them  
possible. of dance, music, poetry, and storytelling.
